

## Ryan Richard Ruff, PhD, MPH

---

CONTACT INFORMATION	386 Park Avenue, Room 1608, NY, NY, 10010 Department of Epidemiology & Health Promotion New York University	<i>Voice:</i> (212) 998-9663 <i>E-mail:</i> ryan.ruff@nyu.edu <i>Web:</i> www.ryanruff.com
RESEARCH SUMMARY	I am an epidemiologist and education researcher interested in school health and child development. In practice, I conduct pragmatic clinical trials to test novel approaches to school-based disease prevention. I am also the director of the Biostatistics Core, supporting additional collaborations in pediatrics, molecular pathobiology, and oncology.	
EDUCATION	<b>University of Virginia</b> , Charlottesville, VA USA PhD in Research, Statistics, & Evaluation, December 2009 BAMT in Education, May 2005  <b>Cambridge University</b> , Cambridge, UK MPhil in Education Policy, July 2010  <b>Harvard University</b> , Cambridge, MA USA MPH in Epidemiology, May 2017	
HONORS AND AWARDS	2024 Cuspie Award, Scientific Paper of the Year 2022 Fellow of the American College of Epidemiology 2021 Sigma Xi Scientific Honor Society 2021 Fellow of the New York Academy of Medicine 2020 Goddard Junior Faculty Fellowship 2019 One of the top papers published in <i>BMC Oral Health</i> 2018 Delta Omega Honor Society, New York University 2018 Faculty Honoree, New York University 2017 Academy of Distinguished Educators, New York University 2012 Distinguished Service Award, NYC Department of Health 2008 DuPont Fellow, University of Virginia 2007 Doctoral Fellowship, University of Virginia (2007 and 2006)	
ACADEMIC EXPERIENCE	<b>New York University College of Dentistry</b> , New York, NY Department of Epidemiology & Health Promotion <i>Associate Professor (tenure track)</i> <b>2019 - Pres</b> <i>Assistant Professor (tenure track)</i> <b>2017 - 2019</b> <i>Research Assistant Professor</i> <b>2014 - 2017</b>  Director, Biostatistics Core (2017-Present), Director, MS Program in Clinical Research (2017-Present), Head of the Statistics & Data Unit (2015-2017)	

PROFESSIONAL EXPERIENCE	<b>New York University School of Global Public Health, New York, NY</b>	
	<i>Associated Professor</i>	<b>2014 - Pres</b>
	<i>Adjunct Associate Professor</i>	<b>2012 - 2014</b>
	<b>Uniformed Services University of the Health Sciences</b>	
	<i>Adjunct Associate Professor</i>	<b>2022 - Pres</b>
RESEARCH EXPERIENCE	<b>Ruff Methods Consulting, New York, NY</b>	
	<i>Principal Consultant</i>	<b>2023 - Pres</b>
	<b>Columbia Epidemiology &amp; Population Health Institute, New York, NY</b>	
	<i>Instructor</i>	<b>2012 - 2021</b>
	<b>New York City Department of Health, New York, NY</b>	
	<i>Director, Research &amp; Evaluation Unit</i>	<b>2011 - 2014</b>
	<b>New York City Department of Education, New York, NY</b>	
	<i>Director of Research &amp; Evaluation</i>	<b>2010 - 2011</b>
	<b>Funded Research - As Principal Investigator</b>	
	<i>Pending</i>	
	2025 - 2030	R01 MD019938, National Institute on Minority Health and Health Disparities, “Making caries prevention SMART: Adaptive interventions for precision dental medicine in schools”. \$3,437,638 (Impact score 17, 1st percentile)
	2025 - 2027	R03 DE033776, National Institute of Dental and Craniofacial Research, “Improving upon the design and implementation of school-based caries prevention: A secondary data analysis approach”. \$322,000 (Impact score 18)
	<i>Active</i>	
	2024 - 2026	PCS160936824-S, Patient-Centered Outcomes Research Institute (supplementary award). “Optimizing school-based oral health programs that use silver diamine fluoride.” \$394,472
	2018 - 2026	PCS160936824, Patient-Centered Outcomes Research Institute, “Comparative effectiveness of school-based caries prevention for children: A cluster randomized pragmatic clinical trial.” \$13,052,988 (dual-PI)
	<i>Expired</i>	
	2023 - 2024	JSI22-1529, JSI Research & Training Institute and NH Department of Health & Human Services, “Sustainability of a school-based caries prevention program.” \$249,022
	2023 - 2023	C38355GG, New York State Department of Health School-Based Dental Home Program (SBDHP), “CariedAway: A sustainable model for school-based dental programs in New York City.” \$250,000.

2020 - 2022	R56 DE028933, National Institute of Dental and Craniofacial Research, "The role of the oral microbiome in disparities in dental caries and responsiveness to caries prevention." \$517,296
2019 - 2020	RA633, New York University Mega Grant Support Initiative, "The role of the oral microbiome in disparities in dental caries and responsiveness to caries prevention: A pilot study." \$15,000
2017 - 2024	R01 MD011526, National Institute on Minority Health and Health Disparities, "Statewide implementation and evaluation of a rural caries prevention program." \$3,617,644 (MPI)
2016 - 2018	R03 DE025289, National Institute of Dental and Craniofacial Research, "Analysis of longitudinal data from a school-based caries prevention program." \$317,000

#### **Funded Research - As Co-Investigator/Biostatistician**

2025 - 2029	Solventum, "Clinical Evaluation of 3M Filtek™ Supreme Flowable Composites for Class IV and Veneers." \$548,172 (Allen & Hirata, PIs)
2024 - 2025	R41 DE034627, National Institute of Dental and Craniofacial Research, "Zinc nanocrystals from zinc tetraammine fluoride for caries arrest and remineralization" \$297,714 (Saxena, PI)
2024 - 2028	R01 NS102722, National Institute of Neurological Disorders and Stroke, "Endosomal platforms for signaling pain" \$3,062,710 (Bunnett & Schmidt, PIs)
2024 - 2026	R01 DE031319, National Institute of Dental and Craniofacial Research, "A multi-center prospective cohort study of malignant transformation risk in oral epithelial dysplasia and cancer recurrence risk in oral squamous cell carcinoma" \$3,699,333 (McDevitt, PI)
2024 - 2026	RM1 DE033491, National Institute of Dental and Craniofacial Research, "Endosomal mechanisms signaling oral cancer pain" \$4,820,611 (Schmidt & Bunnett, PIs)
2024 - 2026	R01 CA231396, National Cancer Institute, "TRPV1 nociceptors in oral carcinogenesis and pain" \$3,101,649 (Albertson & Schmidt, PIs)
2024 - 2025	UG3 NS128148 (sub-award), National Institute of Neurological Disorders and Stroke, "Peripherally-restricted non-addictive cannabinoids for cancer pain treatment" \$301,369 (Spigelman, PI)
2024 - 2025	R01 DE029694, National Institute for Dental and Craniofacial Research, "Intra-tumor co-delivery of DNA and RNA to relieve cancer pain" \$2,905,693 (Schmidt & Yamano, PIs)
2024 - 2025	W81XWH-22-1, Department of Defense, "Receptors in endosomes mediate chronic pain associated with trauma and stress: Non-opioid targets for pain" \$936,199 (Schmidt, PI)

2024 - 2025	R01 CA228525, National Cancer Institute, "Artemin overexpression in oral cancer pain and carcinogenesis" \$2,567,300 (Albertson, PI)
2024 - 2025	R01 DE029951, National Institute for Dental and Craniofacial Research, "Targeting endosomal receptors for treatment of chronic pain". \$3,385,528 (Bunnett & Schmidt, PIs)
2024 - 2024	R01 DE026806 (NCE), National Institute of Dental and Craniofacial Research, "Protease PAR TRPV4 Axis and Oral Cancer Pain" \$3,917,007 (Schmidt & Bunnett, PIs)
2024 - 2024	R03 DE030996, National Institute of Dental and Craniofacial Research, "TRPA1 regulation of oral cancer nociception" \$317,000 (Bhattacharya, PI)
2023 - 2024	Solventum (3M), "Proposal for Clinical evaluation of injectable 3M Filtek supreme flowable composites for class IV cavities and veneers." \$30,000 (Allen & Hirata, PIs)
2022 - 2023	JSI22-1529, US Department of Health & Human Services, "Situation analysis, planning, and proposal for a statewide school-based cavity prevention program" \$50,000 (Niederman, PI)
2015 - 2016	R01 DE018729, National Institute of Dental and Craniofacial Research, "Quality of life in children with cleft." \$3,231,498 (Broder, PI)
2014 - 2015	U24 MD006964, National Institute on Minority Health and Health Disparities, "Effectiveness and improvement of rural, school-based, caries prevention programs." \$7,100,000 (Niederman, PI)
2013 - 2014	NYU Community and Translational Science Institute, "Understanding obesity among public housing residents in NYC: A community-based geospatial project." \$35,000 (Duncan, PI)
2013 - 2014	RWJF71637, Robert Wood Johnson Foundation, "Assessing the impact of food restrictions under the Supplemental Nutrition Assistance Program on food choice by families." \$170,000 (Chen Zhen, PI)

#### **Funded Research - Other**

2024 - 2025	"Validation of the Knowledge Related to Oral Health Literacy Scale (Spanish version)". NYU Biostatistics Core general project (\$1,000)
2024 - 2024	"Protocol development for Clinical Evaluation of 3M Filtek™ Supreme Flowable Composites Study". NYU Biostatistics Core general project (\$30,000)
2024 - 2024	"Dimensional Accuracy of Milled versus Printed Zirconia 4-unit Fixed Partial Denture Before and After Thermocycling - An in vitro study". NYU Biostatistics Core general project. (\$2,250)
2018 - 2018	New Hampshire Women, Infants, and Children Pay for Prevention Program. Served as epidemiologist/biostatistician for program evaluation and reporting (\$9,125)

2017 - 2018 New York City Department of Health and Mental Hygiene. Subject-matter expert regarding oral health data registry and survey system development (\$40,000)

#### Grants under review

Submitted Pragmatic Research to Implement Sustainable Medicine in Schools (PRISMS), Patient-Centered Outcomes Research Institute (PI)

Submitted Developing a predictive model for osteoporosis, National Institute of Dental and Craniofacial Research (MPI, R01)

Submitted A corneal cancer model to test non-opioid therapeutics for oral cancer pain, National Institute of Dental and Craniofacial Research (Co-I, R01)

Submitted Marijuana-induced dysbiosis in experimental gingivitis, National Institute of Dental and Craniofacial Research (Co-I, UG3/UH3)

Submitted Gut microbiome alterations as a mechanism of immune dysregulation in new onset refractory status epilepticus, National Institute of Dental and Craniofacial Research (Co-I, R01)

Submitted Defining TRPV4 contribution of Schwann cells to oral cancer pain, National Institute of Dental and Craniofacial Research (Mentor, K23)

Submitted Cannabis as a Risk Factor for Periodontitis, National Institute of Dental and Craniofacial Research (Co-I, R01)

Submitted Fibronectin modulation of oral cancer nociception, National Institute of Dental and Craniofacial Research (Co-I, R01)

#### INVITED TALKS

- |          |  |
|----------|--|
| May 2025 | “Component network meta-analysis: Disentangling effects from pragmatic clinical trials”. Invited speaker, 2025 Task Force on Design and Analysis in Oral Health Research Meeting. Newark, NJ.  |
| Oct 2024 | “Pragmatic Research to Implement Sustainable Medicine in Schools”. Invited speaker, New York University School of Global Public Health. New York, NY   |
| Oct 2024 | “Utilization of nurses for school-based caries prevention and control”. Invited speaker for the 2nd Annual Lecture Circus, University of Pennsylvania Levy Dental Medicine Library. Philadelphia, PA.  |
| Sep 2024 | “Longitudinal caries management in schools: The CariedAway pragmatic randomized trial”. Invited speaker, Federal University of Santa Maria. Santa Maria, Brazil.   |
| Oct 2023 | “The promise of engagement for school-based oral health”. Invited speaker for the 2023 Annual Meeting of the Patient-Centered Outcomes Research Institute, session “Practicalities of Conducting Meaningful Engagement: A Menu of Tips and Resources from Experience”. Washington, DC.               |
| Jun 2023 | “School-based strategies to prevent dental caries in high-risk populations”. Invited speaker for the 29th Congress of the International Association of Paediatric Dentistry, session “Joining forces in prevention: Global initiatives for caries preventive programs”. Maastricht, the Netherlands. |
| May 2023 | Findings and implications from our 2023 paper in <i>JAMA Network Open</i> were presented by invitation to the Medicaid/Medicare/CHIP Services Dental Association (MSDA) Annual Symposium, Clinical Perspectives and Evidence Update session (team invitation). Washington, DC.                       |

ORAL PRESENTATIONS AND SYMPOSIA	Sep 2022	“Research and development in school-based health”. Invited lecture given to the Medicine Grand Rounds speaker series, Vanderbilt University Medical Center, Division of Epidemiology. Nashville, TN, USA.
	Jun 2021	“Applications of machine learning in oral health: predicting treatment nonresponse in children receiving nonsurgical caries treatment”. Invited speaker for the 9th International Conference on Methodological Issues in Oral Health Research, New York, USA
	Oct 2017	“Assessing additional options for school-based caries prevention: Improving determinants of child development”. Invited speaker for the 11th IADR World Congress on Preventive Dentistry, New Delhi, India
	Jun 2023	CariedAway: One solution for a global disease. Oral presentation given at the 2023 National School-Based Health Care Conference, Washington, D.C., USA
	Jun 2023	Essential oral healthcare in a school context. Oral presentation given by invitation at the 2023 International Association for Dental Research (invited presentation, senior author), Bogotá, Colombia
	Nov 2022	Building Sustainable, Effective School-Based Oral Health Programs. Oral Symposium. Three abstracts accepted as senior author, one as first author titled “School-based caries prevention with minimally invasive treatments: Results from phase one of the CariedAway cluster randomized pragmatic trial”. Presented at the 2022 American Public Health Association Meeting, Boston, USA
	Sep 2020	Silver diamine fluoride for school-based caries prevention. Oral presentation accepted at the PED-IADR Congress, Marseille, France (Conference cancelled due to COVID-19)
	Sep 2019	Measuring responsiveness to preventative treatments for dental caries: Towards a predictive model using machine learning. Oral presentation given at the CED-IADR Oral Health Research Congress, Madrid, Spain
	May 2018	Research to optimize school-based caries prevention. Oral presentation given at the 8th International Conference on Methodological Issues in Oral Health Research, Hong Kong
	Oct 2024	Pragmatic Research to Implement Sustainable Medicine in Schools (PRISMS): The CariedAway Project. New York University School of Global Public Health, Department of Epidemiology Seminar Series. New York, USA.
INTERNAL TALKS	Dec 2023	Adaptive interventions in support of personalized medicine. New York University Faculty Development Program, New York, USA.
	Jun 2018	Applications of virtual reality in training oral and maxillofacial surgery techniques. NYU Academy of Distinguished Educators Teaching and Learning seminar, New York, USA
SELECTED ABSTRACTS	July 2021	Silver diamine fluoride, dental caries, and quality of life in low-income minority children: Results from the CariedAway school-based cluster randomized trial. IADR/AADR General Session

Apr 2018	Development and validation of the Child Oral Health Impact Profile Preschool Version. 75th Meeting of the American Cleft Palate Craniofacial Association
Apr 2017	Analysis of school-based caries prevention programs. New York University Faculty Research Symposium, New York, USA
Mar 2017	CariedAway: Outcomes of school-based caries prevention. 95th General Session of the IADR, California, USA
Mar 2017	SDF for Caries Prevention in Primary Teeth: A systematic review. 95th General Session of the IADR, California, USA
Feb 2015	Spatial stigma and drug use among low-income housing residents in NYC. New York City Epidemiology Forum, New York, NY
Sep 2014	Estimating the effects of sugar-sweetened beverage taxes on weight and obesity in NYC. American College of Epidemiology annual meeting, Maryland, USA
Mar 2014	An analysis of the bodega food environment in New York City. 24th Annual Art and Science of Health Promotion Conference, Denver, CO
Feb 2014	Dietary sources of sugar and drink-specific calorie intake in New York City Adults. New York City Epidemiology Forum, New York, NY
Aug 2013	By ounce or by calorie: The different effects of alternative sugar-sweetened beverage tax strategies (with C. Zhen). 2013 meeting of the Agricultural and Applied Economics Association, Washington, DC
Jun 2013	Segregation, neighborhood poverty, and diet: Findings from a population-based survey of NYC adults (with S. Yi). 46th meeting of the Society for Epidemiologic Research, Boston, MA

## PRESS & MEDIA COVERAGE

### Local and National

*The Washington Post, Newsweek, Dentistry Today, Daily Mail, Semafor, Decisions in Dentistry, Dr. Bicuspid, Dentistry IQ, The New York Post, Brooklyn Eagle, HealthDay, AAAS Newswire, Dimensions of Dental Hygiene, Interesting Engineering, US News & World Report, Drugs.com, SF Weekly, Princeton Daily Clarion, Parents Magazine.* Television coverage in News 1, News 12 New York, NBC Boston, NBC Connecticut, Spectrum 1 (research site visit), NBC Right Now.

### Global

*Dental News* (Pakistan), *Bite Magazine* (Australia), *Asharq Al-Awsat* (Egypt), *Manchester Times* (England)

### Interviews

News 1 New York, ADHA Official Podcast, Broadcast Retirement Network

## POLICY AND CLINICAL GUIDELINES

Our research has been used to inform local, national, and international policies for caries prevention, referenced by the Association of State & Territorial Dental Directors, the United States Preventive Services Taskforce, the Office of Public Health of Garfield, Colorado, and the National Guidelines for Use of Fluorides in Brazil.

## TRADEMARKS & INTELLECTUAL PROPERTY

## Trademarks

CariedAway, Secondary Innovator

PRISMS, Primary Innovator

## TEACHING & EDUCATIONAL ACTIVITIES

### Courses Taught

Epidemiology (MS), 1 semester

Scientific Writing (MS), 1 semester

Epidemiology of Dental Caries (DDS, “Diagnosis and Treatment of Oral Disease” course), 4 semesters

Biostatistics for Public Health (MPH/PhD/DDS), 12 semesters

Data Management using SAS I (MS), 3 semesters

Data Management using SAS II (MS), 3 semesters

Clinical Research Practicum I (MS), 3 semesters

Clinical Research Practicum II (MS), 3 semesters

Biostatistics I (MPH/PhD), 2 semesters

Biostatistics II (MPH/PhD), 2 semesters

Propensity Score Matching (Post-graduate), 6 summer sessions

Methods of Causal Inference (Post-graduate), 2 summer sessions

Survey Research (Post-graduate, co-taught), 1 summer sessions

Qualitative Data Analysis (PhD), 1 semester

## SERVICE & COMMITTEE ACTIVITIES

### New York University

2024 Community-Engaged Scholarship Task Force

2023-Pres Strategies to Reduce Inequality Research Working Group

2021-Pres University Graduate Program Committee

Spring 2018 College faculty representative, NYU Faculty Urban Research Day

2014-2016 Teaching fellow, Center for the Promotion of Research Involving Innovative Statistical Methodology (PRIISM)

### College

2024-2026 Curriculum Committee

2019-2023 Faculty Council

2017-2023 NYU Academy of Distinguished Educators

2018-2022 Curriculum Committee

2016-Pres Director, MS Program in Clinical Research

2016-Pres Director, Biostatistics Core

2016-Pres Graduate Council on Ethics and Professionalism

2016-2019 Council on Humanitarianism and Culture Change

2017-2018 Summer D1 Research Experience

2014-2015	Teaching and Learning Club
2014-2015	Statistics Unit Head, College of Dentistry and School of Nursing
2014-2016	Technology Enhanced Learning Committee (NYU SGPH)

### **Department**

Fall 2022	Chair, Faculty Search Committee (tenure track)
Fall 2022	Chair, Faculty Search Committee (research track)
2020-Pres	Director, Research & Analysis in School Health (RASH) Lab
Fall 2021	Faculty Search Committee
2019-2020	Planning Committee, 2020 Methodology in Oral Health Research Conference
Spring 2017	Faculty Search Committee
2015-2016	Chair, Curriculum Committee, MS Program in Clinical Research
2015-2016	Admissions Committee
2014-2015	Curriculum Committee

### **Other**

2011-2014	Surveillance and Epidemiology Unit, NYC Incident Command System
2010-2011	Member, NYC Department of Education Institutional Review Board

### **National and International (Invitation Only)**

2025	Community Roundtable on Addressing Sensory Health, Patient-Centered Outcomes Research Institute (Washington, DC)
2025	International Co-Investigator, National Institute of Science and Technology in Translational Biophotonics in Dentistry (Brazil).
2025	Study Section, NIH special emphasis review panel. Health Services and Systems (HSS) Review Branch.
2024	Virginia MCH-IOHI Alliance Member. Content expert in public health surveillance, analysis, and evaluation; sponsored by the Virginia Health Catalyst.
2024	Delphi Panelist for the ChatGPT, Generative Artificial Intelligence, and Natural Large Language Models for Accountable Reporting and Use (CANGARU) Project.
2024	Reviewer, Health Research Board of Ireland (HRB). Content expert for dental public health interventions and child development.
2023	World Workshop of Oral Medicine IX (WWOM). Project Consultant for Group 5: Predoctoral Oral Medicine Curriculum.
2023	Oral Health Disparities and Inequities (OHDI) Research Think Tank participant, National Institute of Dental and Craniofacial Research. Summary results published online at <a href="https://www.nidcr.nih.gov/grants-funding/grant-programs/health-disparities-research-program/think-tank">https://www.nidcr.nih.gov/grants-funding/grant-programs/health-disparities-research-program/think-tank</a>

- 2022 Study Section, National Institute of Dental and Craniofacial Research. Review panel for Oral Health Data Analysis and Statistical Methodology Development and Analyses of Existing Genomics Data applications.
- 2022 Study Section, National Institute of Dental and Craniofacial Research. Special Grants Review Committee (DSR).
- 2021 Study Section, National Institutes of Health. Oral, Dental, and Craniofacial Sciences (ODCS). Musculoskeletal, Oral, and Skin Sciences IRG.
- 2017 Grant Reviewer, Oral Disease and Dental Health Review Committee, California Tobacco-Related Research Program (TRDRP). Content expert for oral disease epidemiology and biostatistics.
- 2014 Consultant, Fiji National University, 2014 Fijian Oral Health Survey. Sampling procedures, data management and analysis, and reporting for government release.

REVIEWING &  
EDITORIAL

**Reviewer**

International Journal of Epidemiology, JAMA Network Open, American Journal of Preventive Medicine, PLOS One, BMJ Open, Preventive Medicine, JDR Clinical and Translational Research, BMC Oral Health, Journal of Public Health Dentistry, Community Dentistry & Oral Epidemiology, Evidence-Based Medicine, BMC Public Health, BMJ Public Health, Journal of Clinical Periodontology, Journal of the American Dental Association, Medicine, International Dental Journal, Clinical Implant Dentistry and Related Research, Pediatrics, Journal of Evidence-Based Dental Practice, International Journal of Paediatric Dentistry, Education Policy Analysis Archives, Journal of American College Health, British Dental Journal, JADA Foundational Science, Contemporary Clinical Trials Communications, Public Health in Practice, American Education Research Association [AERA] Open

**Editorial**

BMC Oral Health (Editorial Board, 2025-Present)

JDR Clinical & Translational Research (Scientific Advisory Board, 2021-Present)

Medicine (Academic Editor, 2016-2019)

MENTORING AND  
ADVISING

**Thesis or capstone supervisor**

The effect of frequency of care in school-based oral health programs on caries incidence (Kiran Nagdeo, New York University School of Public Health doctoral capstone, 2025)

Intermittent fasting and dental caries: An analysis of the National Health And Nutrition Examination Survey (Mia Yu, Columbia University Department of Biostatistics Capstone, 2025)

Longitudinal caries management in schools: A randomized clinical trial (Aditi Gawande and Qianhui Xu, RASH Lab Graduate Research Assistants, 2024)

Screening and treatment time in school-based caries prevention (Gabriel Hawthorne and Radhika Shah, RASH Lab Graduate Research Assistants, 2024)

Data crosswalk for electronic health record software used in school-based caries prevention (Kristen He, Columbia University Department of Biostatistics Capstone, 2024)

School-based caries prevention and the impact on acute and chronic student absenteeism (Rami Habib, RASH Lab Graduate Research Assistants, 2023)

Silver diamine fluoride and oral health-related quality of life (Martyna Grochecki and Jillian Bateson, RASH Lab Graduate Research Assistants, 2022)

Analyzing the impact of prevention on new dental caries over time in schoolchildren with preexisting untreated decay: The Forsyth Study (Kajal Desai, MPH thesis, 2019)

The comparative performance and appropriateness of caries indices for use in oral epidemiology research: a prospective cohort example (Dhawani Shah, MPH thesis, 2019)

A review of the literature on fasting and oral health (Jillian Bateson, Furman University Undergraduate Capstone Project, 2019)

Factors related to periodontitis prevalence and dental care utilization in US Hispanic women with changes in progesterone and estrogen levels (Ifrah Choudhary, MPH thesis, 2017)

Periodontitis and the risk of psoriasis in the US population using the National Health and Nutrition Examination Survey, 2009-2012 (Zhen Li, Master of Science capstone in Clinical Research, 2016)

Public health interventions for obesity in New York City (M. Seamans, H RTP Internship, NYC Department of Health and Mental Hygiene, 2013).

#### MEMBERSHIP IN PROFESSIONAL ORGANIZATIONS

- American College of Epidemiology (Fellow)
- American Statistical Association, Statistics in Epidemiology Section
- American Educational Research Association
- American Public Health Association
- New York Academy of Medicine (Fellow)
- New York Academy of Sciences
- Cochrane Collaboration
- Previously: Society for Epidemiologic Research, International Association for Dental Research, American Dental Education Association, Royal Society of Public Health

#### SOFTWARE

- Statistical Packages: R, Stata, LISREL, AMOS, BUGS; SAS (rusty), SPSS.
- Applications: EpiMouth (built in R Shiny), L<sup>A</sup>T<sub>E</sub>X, R-Markdown, REDCap, N'Vivo, EndNote, JMP, common Windows database, spreadsheet, and presentation software
