

Ryan Richard Ruff, PhD, MPH

| | | |
|------------------------|--|--|
| CONTACT INFORMATION | 380 Second Avenue, Suite 300, Office 309 Department of Epidemiology & Health Promotion New York University College of Dentistry | <i>Voice:</i> (212) 998-9663 <i>E-mail:</i> ryan.ruff@nyu.edu <i>Web:</i> www.ryanruff.com |
| RESEARCH SUMMARY | My primary investigator-initiated research focuses on school health system evaluation and the impacts on child development. Within the College I am director of the Biostatistics Core, which supports additional collaborations in pediatrics, molecular pathobiology, and oncology. | |
| EDUCATION | University of Virginia , Charlottesville, VA USA PhD in Research, Statistics, & Evaluation, December 2009 BAMT in Education, May 2005 Cambridge University , Cambridge, UK MPhil in Education Policy, July 2010 Harvard University , Cambridge, MA USA MPH in Epidemiology, May 2017 | |
| HONORS AND AWARDS | 2024 Cuspie Award, Scientific Paper of the Year 2022 Fellow of the American College of Epidemiology 2021 Sigma Xi Scientific Honor Society 2021 Fellow of the New York Academy of Medicine 2020 Goddard Junior Faculty Fellowship 2019 One of the top papers published in <i>BMC Oral Health</i> 2018 Delta Omega Honor Society, New York University 2018 NYU Faculty Honoree, New York University 2017 Academy of Distinguished Educators, NYU College of Dentistry 2012 Distinguished Service Award, NYC Department of Health 2008 DuPont Fellow, University of Virginia 2007 Doctoral Fellowship, University of Virginia (2007 and 2006) | |
| ACADEMIC EXPERIENCE | New York University College of Dentistry , New York, NY Department of Epidemiology & Health Promotion <i>Associate Professor (tenure track)</i> 2019 - Pres <i>Assistant Professor (tenure track)</i> 2017 - 2019 <i>Research Assistant Professor</i> 2014 - 2017 Director, Biostatistics Core (2017-Present), Director, MS Program in Clinical Research (2017-Present), Head of the Statistics & Data Unit (2015-2017) New York University School of Global Public Health , New York, NY | |

| | | |
|----------------------------|--|--------------------|
| | <i>Associated Professor</i> | 2014 - Pres |
| | <i>Adjunct Associate Professor</i> | 2012 - 2014 |
| | Uniformed Services University of the Health Sciences | |
| | <i>Adjunct Associate Professor</i> | 2022 - Pres |
| PROFESSIONAL EXPERIENCE | R³ Methodology Consulting , New York, NY | |
| | <i>Principal Consultant</i> | 2023 - Pres |
| | Columbia Epidemiology & Population Health Institute , New York, NY | |
| | <i>Instructor</i> | 2012 - 2021 |
| | New York City Department of Health , New York, NY | |
| | <i>Director, Research & Evaluation Unit</i> | 2011 - 2014 |
| | New York City Department of Education , New York, NY | |
| | <i>Director of Research & Evaluation</i> | 2010 - 2011 |
| RESEARCH EXPERIENCE | Funded Research - As Principal Investigator | |
| | 2024 - 2026 Supplementary award, Patient-Centered Outcomes Research Institute (parent award #PCS160936724). “Optimizing school-based oral health programs that use silver diamine fluoride.” \$394,472 | |
| | 2018 - 2026 PCS160936724, Patient-Centered Outcomes Research Institute, “Comparative effectiveness of school-based caries prevention for children: A cluster randomized pragmatic clinical trial.” \$13,052,988 (MPI) | |
| | 2023 - 2024 JSI22-1529, JSI Research & Training Institute and NH Department of Health & Human Services, “Sustainability of a school-based caries prevention program.” \$249,022 | |
| | 2023 - 2023 C38355GG, New York State Department of Health School-Based Dental Home Program (SBDHP), “CariedAway: A sustainable model for school-based dental programs in New York City.” \$50,000. | |
| | 2020 - 2022 R56 DE028933, National Institute of Dental and Craniofacial Research, “The role of the oral microbiome in disparities in dental caries and responsiveness to caries prevention.” \$517,296 | |
| | 2019 - 2020 RA633, New York University Mega Grant Support Initiative, “The role of the oral microbiome in disparities in dental caries and responsiveness to caries prevention: A pilot study.” \$15,000 | |
| | 2017 - 2024 R01 MD011526, National Institute on Minority Health and Health Disparities, “Statewide implementation and evaluation of a rural caries prevention program.” \$3,617,644 (MPI) | |
| | 2016 - 2018 R03 DE025289, National Institute of Dental and Craniofacial Research, “Analysis of longitudinal data from a school-based caries prevention program.” \$317,000 | |

As co-investigator or other role

| | |
|-------------|---|
| 2024 - 2028 | Solventum (3M), "Clinical evaluation of injectable 3M Filtek supreme flowable composites for class IV cavities and veneers." \$TBD (Allen & Hirata, PIs) |
| 2024 - 2028 | R01 NS102722, National Institute of Neurological Disorders and Stroke, "Endosomal platforms for signaling pain" \$3,062,710 (Bunnett & Schmidt, PIs) |
| 2024 - 2026 | R01 DE031319, National Institute of Dental and Craniofacial Research, "A multi-center prospective cohort study of malignant transformation risk in oral epithelial dysplasia and cancer recurrence risk in oral squamous cell carcinoma" \$3,699,333 (McDevitt, PI) |
| 2024 - 2026 | RM1 DE033491, National Institute of Dental and Craniofacial Research, "Endosomal mechanisms signaling oral cancer pain" \$4,820,611 (Schmidt & Bunnett, PIs) |
| 2024 - 2026 | R01 CA231396, National Cancer Institute, "TRPV1 nociceptors in oral carcinogenesis and pain" \$3,101,649 (Albertson & Schmidt, PIs) |
| 2024 - 2025 | UG3 NS128148 (sub-award), National Institute of Neurological Disorders and Stroke, "Peripherally-restricted non-addictive cannabinoids for cancer pain treatment" \$301,369 (Spigelman, PI) |
| 2024 - 2025 | R01 DE029694, National Institute for Dental and Craniofacial Research, "Intra-tumor co-delivery of DNA and RNA to relieve cancer pain" \$2,905,693 (Schmidt & Yamano, PIs) |
| 2024 - 2025 | W81XWH-22-1, Department of Defense, "Receptors in endosomes mediate chronic pain associated with trauma and stress: Non-opioid targets for pain" \$936,199 (Schmidt, PI) |
| 2024 - 2025 | R01 CA228525, National Cancer Institute, "Artemin overexpression in oral cancer pain and carcinogenesis" \$2,567,300 (Albertson, PI) |
| 2024 - 2025 | R01 DE029951, National Institute for Dental and Craniofacial Research, "Targeting endosomal receptors for treatment of chronic pain". \$3,385,528 (Bunnett & Schmidt, PIs) |
| 2024 - 2024 | R01 DE026806 (NCE), National Institute of Dental and Craniofacial Research, "Protease PAR TRPV4 Axis and Oral Cancer Pain" \$3,917,007 (Schmidt & Bunnett, PIs) |
| 2024 - 2024 | R03 DE030996, National Institute of Dental and Craniofacial Research, "TRPA1 regulation of oral cancer nociception" \$317,000 (Bhattacharya, PI) |
| 2022 - 2023 | JSI22-1529, US Department of Health & Human Services, "Situation analysis, planning, and proposal for a statewide school-based cavity prevention program" \$50,000 (Niederman, PI) |
| 2015 - 2016 | R01 DE018729, National Institute of Dental and Craniofacial Research, "Quality of life in children with cleft." \$3,231,498 (Broder, PI) |

- | | |
|-------------|--|
| 2014 - 2015 | U24 MD006964, National Institute on Minority Health and Health Disparities, “Effectiveness and improvement of rural, school-based, caries prevention programs.” \$7,100,000 (Niederman, PI) |
| 2013 - 2014 | NYU Community and Translational Science Institute, “Understanding obesity among public housing residents in NYC: A community-based geospatial project.” \$35,000 (Duncan, PI) |
| 2013 - 2014 | RWJF71637, Robert Wood Johnson Foundation, “Assessing the impact of food restrictions under the Supplemental Nutrition Assistance Program on food choice by families.” \$170,000 (Chen Zhen, PI) |

Other research funding

- | | |
|------|--|
| 2018 | New Hampshire Women, Infants, and Children Pay for Prevention Program. Served as epidemiologist/biostatistician for program evaluation and reporting (\$9,125) |
| 2017 | New York City Department of Health and Mental Hygiene. Subject-matter expert regarding oral health data registry and survey system development (\$40,000) |

Grants submitted or in development

- | | |
|-------------|--|
| Submitted | Pragmatic Research to Implement Sustainable Medicine in Schools (PRISMS), National Institute of Dental and Craniofacial Research (PI, R01) |
| Submitted | Making caries prevention SMART: A personalized approach to school-based oral medicine, National Institute on Minority Health and Health Disparities (PI, R01) |
| Submitted | School-based dental programs and the effects on academic performance and student attendance, Spencer Foundation (PI, Large Research Grants on Education) |
| Submitted | Marijuana-induced dysbiosis in experimental gingivitis, National Institute of Dental and Craniofacial Research (Co-I, UG3/UH3) |
| Submitted | Gut microbiome alterations as a mechanism of immune dysregulation in new onset refractory status epilepticus, National Institute of Dental and Craniofacial Research (Co-I, R01) |
| Submitted | Defining TRPV4 contribution of Schwann cells to oral cancer pain, National Institute of Dental and Craniofacial Research (Mentor, no salary requested, K23) |
| Submitted | Developing a predictive model for osteoporosis, National Institute of Dental and Craniofacial Research (MPI, R01) |
| In progress | Adult transition support for oral health in adolescents with cognitive and intellectual disabilities, institute TBD (PI, R01) |

INVITED TALKS

- Oct 2023 “The promise of engagement for school-based oral health”. Invited speaker for the 2023 Annual Meeting of the Patient-Centered Outcomes Research Institute, session “Practicalities of Conducting Meaningful Engagement: A Menu of Tips and Resources from Experience”. Washington, DC.
- Jun 2023 “School-based strategies to prevent dental caries in high-risk populations”. Invited speaker for the 29th Congress of the International Association of Paediatric Dentistry, session “Joining forces in prevention: Global initiatives for caries preventive programs”. Maastricht, the Netherlands.
- May 2023 Findings and implications from our 2023 paper in *JAMA Network Open* were presented by invitation to the Medicaid/Medicare/CHIP Services Dental Association (MSDA) Annual Symposium, Clinical Perspectives and Evidence Update session (team invitation). Washington, DC.
- Sep 2022 “Research and development in school-based health”. Invited lecture given to the Medicine Grand Rounds speaker series, Vanderbilt University Medical Center, Division of Epidemiology. Nashville, TN, USA.
- Jun 2021 “Applications of machine learning in oral health: predicting treatment nonresponse in children receiving nonsurgical caries treatment”. Invited speaker for the 9th International Conference on Methodological Issues in Oral Health Research, New York, USA
- Oct 2017 “Assessing additional options for school-based caries prevention: Improving determinants of child development”. Invited speaker for the 11th IADR World Congress on Preventive Dentistry, New Delhi, India

ORAL PRESENTATIONS AND SYMPOSIA

- Jun 2023 CariedAway: One solution for a global disease. Oral presentation given at the 2023 National School-Based Health Care Conference, Washington, D.C., USA
- Jun 2023 Essential oral healthcare in a school context. Oral presentation given by invitation at the 2023 International Association for Dental Research (invited presentation, senior author), Bogotá, Colombia
- Nov 2022 Building Sustainable, Effective School-Based Oral Health Programs. Oral Symposium. Three abstracts accepted as senior author, one as first author titled “School-based caries prevention with minimally invasive treatments: Results from phase one of the CariedAway cluster randomized pragmatic trial”. Presented at the 2022 American Public Health Association Meeting, Boston, USA

| | | |
|--------------------|-----------|--|
| | Sep 2020 | Silver diamine fluoride for school-based caries prevention. Oral presentation accepted at the PED-IADR Congress, Marseille, France (Conference cancelled due to COVID-19) |
| | Sep 2019 | Measuring responsiveness to preventative treatments for dental caries: Towards a predictive model using machine learning. Oral presentation given at the CED-IADR Oral Health Research Congress, Madrid, Spain |
| | May 2018 | Research to optimize school-based caries prevention. Oral presentation given at the 8th International Conference on Methodological Issues in Oral Health Research, Hong Kong |
| INTERNAL TALKS | Dec 2023 | Adaptive interventions in support of personalized medicine. New York University Faculty Development Program, New York, USA. |
| | Jun 2018 | Applications of virtual reality in training oral and maxillofacial surgery techniques. NYU Academy of Distinguished Educators Teaching and Learning seminar, New York, USA |
| SELECTED ABSTRACTS | July 2021 | Silver diamine fluoride, dental caries, and quality of life in low-income minority children: Results from the CariedAway school-based cluster randomized trial. IADR/AADR General Session |
| | Apr 2018 | Development and validation of the Child Oral Health Impact Profile Preschool Version. 75th Meeting of the American Cleft Palate Craniofacial Association |
| | Apr 2017 | Analysis of school-based caries prevention programs. New York University Faculty Research Symposium, New York, USA |
| | Mar 2017 | CariedAway: Outcomes of school-based caries prevention. 95th General Session of the IADR, California, USA |
| | Mar 2017 | SDF for Caries Prevention in Primary Teeth: A systematic review. 95th General Session of the IADR, California, USA |
| | Feb 2015 | Spatial stigma and drug use among low-income housing residents in NYC. New York City Epidemiology Forum, New York, NY |
| | Sep 2014 | Estimating the effects of sugar-sweetened beverage taxes on weight and obesity in NYC. American College of Epidemiology annual meeting, Maryland, USA |
| | Mar 2014 | An analysis of the bodega food environment in New York City. 24th Annual Art and Science of Health Promotion Conference, Denver, CO |
| | Feb 2014 | Dietary sources of sugar and drink-specific calorie intake in New York City Adults. New York City Epidemiology Forum, New York, NY |
| | Aug 2023 | By ounce or by calorie: The different effects of alternative sugar-sweetened beverage tax strategies (with C. Zhen). 2013 meeting of the Agricultural and Applied Economics Association, Washington, DC |

Jun 2013 Segregation, neighborhood poverty, and diet: Findings from a population-based survey of NYC adults (with S. Yi). 46th meeting of the Society for Epidemiologic Research, Boston, MA

POLICY AND
CLINICAL
GUIDELINES

Our research has been used to inform local, national, and international policies for caries prevention, referenced by the Association of State & Territorial Dental Directors, the United States Preventive Services Taskforce, the Office of Public Health of Garfield, Colorado, and the National Guidelines for Use of Fluorides in Brazil.

TRADEMARKS &
INTELLECTUAL
PROPERTY

Trademarks

CariedAway, Secondary Innovator

PRISMS, Primary Innovator

TEACHING &
EDUCATIONAL
ACTIVITIES

Courses Taught

Epidemiology (MS), 1 semester

Scientific Writing (MS), 1 semester

Epidemiology of Dental Caries (DDS, “Diagnosis and Treatment of Oral Disease” course), 4 semesters

Biostatistics for Public Health (MPH/PhD/DDS), 12 semesters

Data Management using SAS I (MS), 3 semesters

Data Management using SAS II (MS), 3 semesters

Clinical Research Practicum I (MS), 3 semesters

Clinical Research Practicum II (MS), 3 semesters

Biostatistics I (MPH/PhD), 2 semesters

Biostatistics II (MPH/PhD), 2 semesters

Propensity Score Matching (Post-graduate), 6 summer sessions

Methods of Causal Inference (Post-graduate), 2 summer sessions

Survey Research (Post-graduate, co-taught), 1 summer sessions

Qualitative Data Analysis (PhD), 1 semester

2010-2011 Member, NYC Department of Education Institutional Review Board

Community & Professional Service

- 2024 Virginia MCH-IOHI Alliance Member. Content expert in public health surveillance, analysis, and evaluation; sponsored by the Virginia Health Catalyst.
- 2024 Delphi Panelist for the ChatGPT, Generative Artificial Intelligence, and Natural Large Language Models for Accountable Reporting and Use (CANGARU) Project.
- 2024 Reviewer, Health Research Board of Ireland (HRB). Content expert for dental public health interventions and child development.
- 2023 World Workshop of Oral Medicine IX (WWOM). Project Consultant for Group 5: Predoctoral Oral Medicine Curriculum.
- 2023 Oral Health Disparities and Inequities (OHDI) Research Think Tank participant, National Institute of Dental and Craniofacial Research. Summary results published online at <https://www.nidcr.nih.gov/grants-funding/grant-programs/health-disparities-research-program/think-tank>
- 2022 Study Section, National Institute of Dental and Craniofacial Research. Review panel for Oral Health Data Analysis and Statistical Methodology Development and Analyses of Existing Genomics Data applications.
- 2022 Study Section, National Institute of Dental and Craniofacial Research. Special Grants Review Committee (DSR).
- 2021 Study Section, National Institutes of Health. Oral, Dental, and Craniofacial Sciences (ODCS). Musculoskeletal, Oral, and Skin Sciences IRG.
- 2017 Grant Reviewer, Oral Disease and Dental Health Review Committee, California Tobacco-Related Research Program (TRDRP). Content expert for oral disease epidemiology and biostatistics.
- 2014 Consulting, Fiji National University, for the 2014 Fijian Oral Health Survey. Sampling procedures, data management and analysis, and reporting for government release.

Medicine (Academic Editor, 2016-2019)

MENTORING AND ADVISING

Thesis or capstone supervisor

Analyzing the impact of prevention on new dental caries over time in schoolchildren with preexisting

untreated decay: The Forsyth Study (Kajal Desai, MPH thesis - 2019)

The comparative performance and appropriateness of caries indices for use in oral epidemiology research: a prospective cohort example (Dhawani Shah, MPH thesis - 2019)

Intermittent fasting and oral health (Jillian Bateson, Furman University Undergraduate Capstone Project, 2019 - later admitted to dental school)

Factors related to periodontitis prevalence and dental care utilization in US Hispanic women with changes in progesterone and estrogen levels (Ifrah Choudhary, MPH thesis - 2017)

Periodontitis and the risk of psoriasis in the US population using the National Health and Nutrition Examination Survey, 2009-2012 (Zhen Li, Master of Science capstone in Clinical Research - 2016)

Public health interventions for obesity in New York City (M. Seamans, HRTIP Internship, NYC Department of Health and Mental Hygiene, 2013).
